How to price your items

Price items with a minimum value of \$2.00 and in 50 cent increments.

You set the price of your items, but a good rule is about 1/3 of retail price. Most shoppers will pay a little more for name brands or items with retail tags.

REMEMBER...items sell best when they look & smell fresh! It's worth your time to launder & press clothes, clean toys, & write legibly on tags!
